

TELL ME A STORY

## 2024 Valkyrie Moto Rally

Welcome to the 2024 Valkyrie Moto Rally – Tell me a story. Here is your rallybook! You should also download:

1. An excel file that has two tabs. The first tab, labeled “Bonuses” is a listing of each bonus with Bonus Code, Bonus Name, Address, Coordinates, and Point Value. The second tab, Routing Helper, allows you to try out a few routes and see what the point value would be. I put the “freebie” on there for you to see. You type each location by code in a vertical list and the column to the right of it will populate the points associated with it and it gives you a total at the bottom. For the rest bonus, you’ll need to add that yourself because the points are variable based on the duration of your rest and I was too lazy to do an automatic calculation for you. You will also need to show the points associated with completing a story, details can be found on the second tab of the excel file. The Excel file is intended to help you – if there is a conflict between it and the rally book, the rally book takes precedence.
2. A word document that is your claim form for the event. This is not required, HOWEVER, if you would like to question anything that is on your score sheet when you return, you MUST have filled out the claim form. We will only entertain discussions with riders who have their claim form completely filled out. The sequence # to the left of the page is the order of the bonuses as you visit them. This should be identical to the sequence # of your bonuses submitted through the app.
3. .gpx file for navigation systems
4. .kml file for navigation systems

Remember to read and understand the event Rules and Guidance document on the website and be sure that you are always compliant with the rules of the event. This includes, but is not limited to, you wearing a DOT approved helmet anytime your motorcycle is operated for the duration of the event regardless of laws in any jurisdiction. Important note! There are no minimum points to be a finisher of this event. In addition to the requirements that you never violate any rules and successfully claim the REST bonus, you are required to successfully complete a minimum of ONE story from the options presented in the bonus listing beginning on page 6.

There are 19 ‘stories’ on the following pages. Each story contains a series of bonuses related to the topic. Most have 4 bonuses, but a couple have 5 or 6. If you successfully claim all bonuses in a story, you receive the combination points associated with that story. Beware! If you are NOT successful with one of your locations, you will not be awarded the points for the story. You do not need to claim the story points, you will automatically receive the story points when you successfully claim the last bonus in the story.

The order you claim bonuses does not matter. For example, African American Women is story AW and there are 4 locations – AW1, AW2, AW3, and AW4. You could claim AW2 first, then AW4, and so forth. You could have 2 or 3 stories in progress at the same time. You could be halfway through the AW story and pick up a Buffalo Soldier bonus (story BU). HOWEVER, you do need to pay attention to the sequence numbers. The number on your claim form should match the sequence number in the app. This allows staff to help you if you get fouled up or if you think there is something wrong with the score we calculated for you.

When you return to the host hotel on Saturday, staff will print out the score sheet we have for you. It will list all of the bonuses you claimed, indicate if they were approved or denied and

## 2024 Valkyrie Moto Rally

tabulate your score. If you would like to discuss our score or discuss the reason for a denial, you MUST have completely filled out the claim form. We will only entertain these discussions with riders who filled out the claim form during the ride. Do not try to fill it out after you get back to the hotel. Fill it out as you go and then it'll be very easy for you to look at our listing of your locations, look at your claim form and see that everything is there. Most riders are through scoring in less than 5 minutes. Once you have completed your review, if you agree with it, return to the scoring coordinator and sign the sheet next to your name and receive your event swag bag. If you do not agree with it, you may ask the scoring coordinator to notify Nancy you need to discuss a discrepancy. You may respectfully question and discuss, but the Rallymaster (Nancy) has the final word on all scoring matters.

The REST bonus is **MANDATORY** and can be done anywhere. Of course, I want you to sleep and think a hotel room is a great option, but that isn't required if you want to curl up on a park bench or pitch a tent somewhere.

### A couple words about bonus locations

To the best of our knowledge, you will find the bonus at the coordinates you are given. If it is not **RIGHT THERE**, you should be able to see it from the location given. If you have looked around and don't see it, call staff for guidance. Most of the bonuses are available anytime, there are a handful that have a restriction. Most of those are because of operating hours where the bonus is located – you are being given the location's posted hours. Rally staff has no control over when gates are opened or closed or other measures to enforce hours. If you are able to obtain one of these without pissing anyone off, we won't deny it. For example, NO4 is in a cemetery that is open "8AM-Dusk". I can't be more specific for you – that's what is posted. If you get there just past "dusk" and can get in and out, go for it! On the other hand, if you get there before 8AM and there's a closed gate blocking your entry, you'll need to wait for Schneider to come open it. Going around closed gates would constitute pissing people off. Pay special attention to AE4 – there are specific instructions informing you what to do if the gate is closed. Follow them if you plan to visit.

### Submitting Bonuses

You will use the rally app on your phone. The rider number and rider code you received to practice prior to the event will be the same during the event. The event passcode will change and be provided to you in Enid. Once the event code for the rally is provided, NO MORE APP PRACTICE.

You are to include your flag with your rider number clearly visible in **EVERY** photo unless the instructions specifically say that your flag is not needed. There is at least one bonus that doesn't need your flag.

You are to submit each bonus while you are at the location. Most, if not all, will have cell service. If you happen to be at a bonus where there is no cell service, you may submit it when you get down the road a bit and have service. Remember to claim the bonuses in order that you visit them to keep the sequence numbers correct. In other words, don't submit sequence #6 before Sequence #5. I mean, you could, but why would you intentionally make things harder on yourself?

## 2024 Valkyrie Moto Rally

There is also an option to use a web form, this was provided in the email you received with your app practice email (this email came from “Airtable Automations” and could have landed in your junk or spam. If you still can’t find it, ask Nancy to resend it.)

### **Contacting staff during the event**

If you have issues, questions, can’t find a bonus, a road to a bonus is closed or whatever other things happen during the event, you can text or call us. There’s a good chance the 3 names you see below won’t be more than 10 feet apart most of the 32 hours you’re out there, so calling/texting any one of us will likely get you to all of us. We do plan to get a little shut eye overnight and will send a mass email out to all riders when it’s sleepy time for staff. This will be your cue to only call if you really need us and that should be Nancy. This email might contain some information that was gathered during Friday’s bonus collecting so please be sure to read the email, there might be something important in there – figure it’ll be around 10 or 11PM Central time. If there’s important information about what to do in this or that case, you will be responsible to follow these instructions. But please, if you need us, CALL! It is okay, really. You can be sure we’ll be up and running before 6AM on Saturday so feel free to call that early as well.

If you need to email staff during the rally, please use [ldrallyblue@gmail.com](mailto:ldrallyblue@gmail.com) this is the email we will have up and active during the rally. Using any other email address will very likely delay staff response.

**Nancy Oswald 410-530-7024**

**Chris Hopper 713-305-1311**

**Paul Tong 214-250-1340**

Don’t forget to call Nancy if you have an accident. Of course, you need to call police, medics, etc for serious incidents. But Nancy must be somewhere pretty high on your notification list please and thank you. This is also a requirement of our insurance.

### **NON-LOCATION POINTS OPPORTUNITIES**

**ROUTE – 2,500 points** Write or type the bonuses you intend to visit in the order you intend to visit them. It is completely fine if your plans change during the rally. Take a photo (or screenshot) of your list and submit it through the app. You may do this anytime on Thursday or Friday before 7AM. Your flag does NOT need to be in the photo. Since you are submitting this before the rally even starts, this should be Sequence #1 for every rider.

**CHAR – 5,000 points** Make a donation of any amount to Knitted Knockers. It costs about \$10 per woman helped, if that helps you decide how much to donate. If you give me cash in Enid, I will run the donation through my employer’s charity program and it will be doubled! I cannot give you a receipt for cash donations. Or you may make a donation online at [Donations | Donate to Knitted Knockers](#) Bring the receipt to Enid and show it to the designated staff member on Thursday. We are jotting down the amount from each woman, only to announce at the banquet the total that Knitted Knockers will receive, not because we are judging you for the amount your

## 2024 Valkyrie Moto Rally

budget can spare. You do NOT need to claim this bonus. Staff will maintain a list of who donated and we will ensure you get credit for the donation.

**MEAL1 – 5,000 points** Stop for a minimum of 45 minutes at a sit-down restaurant any time on Friday, September 20<sup>th</sup> and eat a meal. You may start the meal clock when you put your side stand down. Make sure your meal clock shows 45 minutes or more (44.9 will be denied). A slice of pie and a cup of coffee is not a meal. No fast food allowed. Take a photo a computer-generated receipt from the restaurant including name, address, date and time, and what you ordered. Remember that the credit card receipt does not show your order. But you might need both to satisfy the requirements. If the restaurant you've chosen doesn't have computer receipts or the information is lacking, call Nancy for help. There is a list of restaurants on page 4 of the rallybook that are approved for Meal Bonuses, but you may use any sit-down restaurant you come across. You may use any of these restaurants for the meal bonus and three of them will garner you extra points!

**MEAL2 – 5,000 points** Stop for a minimum of 45 minutes at a sit-down restaurant any time on Saturday, September 21<sup>st</sup> and eat a meal. You may start the meal clock when you put your side stand down. Make sure your meal clock shows 45 minutes or more (44.9 will be denied). A slice of pie and a cup of coffee is not a meal. No fast food allowed. Take a photo a computer-generated receipt from the restaurant including name, address, date and time, and what you ordered. Remember that the credit card receipt does not show your order. But you might need both to satisfy the requirements. If the restaurant you've chosen doesn't have computer receipts or the information is lacking, call Nancy for help. There is a list of restaurants on page 4 of the rallybook. You may use any of these restaurants for the meal bonus and three of them will garner you extra points!

**REST – 50 points per minute** Stop and rest for a minimum of 4 hours (240 minutes) and a maximum of 8 hours (480 minutes) and earn 50 points per minute. You may start your rest clock when you put your side stand down. You may not move your motorcycle or collect any other bonus during your rest period. You may start your rest at any time but will not accrue points per minute until 8PM on Friday, September 20<sup>th</sup>. You may end your rest as late as you like but points stop accruing at 8AM on Saturday, September 21<sup>st</sup>. Maximum of 8 hours or 24,000 points.

The highlighted restaurants will garner additional points, see the details after the list of restaurants.

**Jenks Restaurant & Amazing Clocks** – additional 500 points. To receive the additional points at Jenks, find out what is so amazing about their clocks and enter the answer in the “Rider Notes” section of the app when submitting your 45-minute meal break.

**Zeytin** – additional 500 points. This is a staff favorite and if you like Mediterranean food, we think you’ll love it as well. To receive the additional points at Zeytin, tell us how you liked your meal in the “Rider Notes” section of the app when submitting your 45-minute meal break.

**Pam's Hateful Hussy Diner** – additional 1,000 points. I mean, how could this NOT be a location?!?! Nancy would love it if you could get a sticker or some other small item that says Pam's Hateful Hussy Diner! The décor looks super fun and the reviews aren't too bad either. To receive the additional points at Pam's, use the “Rider Notes” section of the app to tell us who hurt Pam to make her a Hateful Hussy when submitting your 45-minute meal break.

## African American Women

Women, especially women of color, are chronically not given their due for their accomplishments and contributions to society. Not that we didn't already know this, but boy were we ever made painfully aware when trying to find people other than white men to feature for the 2022 LDX Rally. The following black women are important parts of our history for a variety of reasons: arts and culture, journalism, educational equality, and empowering black folks in all areas of our communities. We are going to honor them for their contributions. Ms. Russell is still alive and contributing to society today.

### Lucile H Bluford

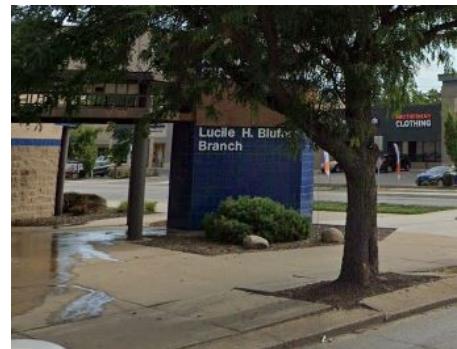

**3050 Prospect Ave**

**Kansas City**

**MO**

Latitude **39.06999**

Latitude **-94.55298**

This branch of the Kansas City Public Library system opened in 1988. It was named after Miss Bluford, an amazing African American Woman who lived and worked in the area. There is too much to say about her, but in brief: She was encouraged in her journalism interest by a high school English teacher, Trussie Smothers, at her segregated high school. She was the valedictorian of her graduating class at Lincoln HS in 1928. She graduated with honors from University of Kansas's School of Journalism in 1932, where she was the second black student to study. She briefly worked in Atlanta for The Daily World, but came back to Kansas City to work at The Call. She worked at The Call for 69 years. She rose through the ranks until she was the second editor and publisher of the newspaper. When the owner passed in 1955, Miss Bluford became part-owner with the deceased owner's widow, working until her death in 2003. She was a brilliant, courageous woman, it's wonderful that she is honored in the community she dedicated her life to serving. If you have time, and the library is open, head inside and check out the display honoring this remarkable woman. Take a photo of the sign on the corner indicating that this is the Lucile H. Bluford Library.

**AW2****107** points**Anytime****Hattie McDaniel****928 N Wichita St****Wichita****KS**Latitude **37.69955**Latitude **-97.34076****AW3****213** points**Anytime****Linda Brown****1515 SE Monroe St****Topeka****KS**Latitude **39.03829**Latitude **-95.67601**

When Linda Brown was 9 years old, her father, Oliver Brown, wanted her to attend the all-white Sumner Elementary School that was close to their home. She was denied enrolment because of her race. Her father joined forces with the local NAACP and sued the Topeka Board of Education. By the time the case was decided in 1954, in her favor, she was already in Junior High School so never did attend the elementary school, but she paved the way for many children after her. Make a note and come back when you have more time to see the moving displays inside. Take a photo of the large sign on the corner of SE Monroe St and SE 15th St indicating that this is the Brown v. Board of Education National Historical Park.

**AW4****147** points**Anytime****Anita L Russell****1601 E 18th St****Kansas City****MO**Latitude **39.091222**Latitude **-94.562926**

There are far far too many accomplishments of Anita Russell to list. She is a devoted leader and supporter of community involvement and volunteerism. She was elected President of the Kansas City, MO NAACP in 2000 and currently serves as the First Vice-President of the organization. She also attended Lincoln High School, which is the same school as Lucile Bluford! Must be something special about good ole LHS producing remarkable citizens! The building where her current role with the NAACP is located is called The Historic Lincoln Building. Take a photo of the green awning over the entrance of The Historic Lincoln Building which includes this name.

## Amelia Earhart

Amelia Mary Earhart was born July 24, 1897 and declared dead on January 5, 1939. She was an American pioneer of aviation. She was the first female aviator to fly solo across the Atlantic Ocean as well as many other records set by this brave woman. She was one of the first aviators to promote commercial air travel, wrote best-selling books about her flying experiences, and was instrumental in the formation of The Ninety-Nines, an organization for female pilots. Riders who rode with us in 2023 had the opportunity to visit The Ninety-Nines building, and many did. She set out to become the first female pilot to circumnavigate the world in 1937 but disappeared over the Pacific Ocean. She is very well known world-wide and an inspiration to women young and old.

Take a photo of the bronze statue of Amelia Earhart in front of the Hangar Museum. You will need to turn into the entrance of the museum and ride back to the building, it's not right on 286th Rd. There is a twin of this statue on display in Statuary Hall at the US Capitol Building representing Kansas.

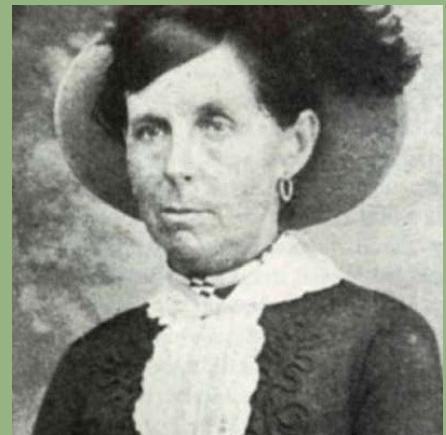

**AE3****115** points**Anytime****International Forest of Friendship****1 Allingham Dr****Atchison****KS**Latitude **39.53193**Latitude **-95.14865****Take a photo of the statue of Amelia Earhart located in the International Forest of Friendship****AE4****40** points **10A-5P/DAYLIGHT****Wichita Municipal Airport Terminal****3350 George Washington Blvd****Wichita****KS**Latitude **37.63231**Latitude **-97.2734**

**Take a photo of the Kansas Aviation Museum. The museum is about 500 yards beyond a gate that is only open when the museum is open, 10A-5P. However, I would like you to be able to get this bonus outside those hours. The museum confirmed that you will be able to get a photo of the building from the locked gate. Be sure to include the locked gate in your photo. I'm limiting to Daylight only because I doubt I'll be able to make the building out in the dark! If you take the photo from the locked gate, you will only receive half the points for this location.**

# STORY

## Belle Starr

2794 points

Belle Starr was quite the character in her time. Her paternal grandparents were a well-to-do Virginia family, but her father was something of a Black Sheep in that family. He marched to the beat of his own drummer, but was rather successful in and around Carthage, MO. Her first husband (with whom she had 2 children) was killed in Paris, TX in 1874 due to his involvement with various criminal elements. In 1880, she married Sam Starr, a Cherokee man, and settled with this family in the Indian Territory (Oklahoma). She became heavily involved in the family business of rustling, horse thievery, and bootlegging. In 1882, Belle and Sam were charged with horse theft and tried before none other than "The Hanging Judge" Isaac C. Parker and sentenced to serve 9 months in prison. On February 3, 1889, two days before her 41st birthday, Belle was murdered while riding home from a neighbor's house. There's much legend, but no factual evidence to prove or disprove any of them. No one was ever convicted of Belle's murder.

## Billy Joe Shaver

Billy Joe Shaver is far and away your Freyja's favorite musician. You may not have heard of him, but I'll bet you've heard his songs. He was mostly famous for writing songs performed by other artists, but he performed as well. The list of artists includes Johnny Cash, Willie Nelson, Elvis Presley, and Waylon Jennings to name just a few. He's had quite an interesting life. There's too many stories to tell so I'll stick with a couple highlights. Billy Joe was born in Corsicana, TX and spent a great deal of time with his grandmother as a young child so his mother could work at a Honky Tonk called Green Gables in Waco (that memory of this inspired Honky Tonk Heroes, made famous by Waylon Jennings in 1973). When he was a little older, he'd go to work with mom on occasion which is where he was first introduced to Country Music. He mostly dropped out of school after 8th grade to pick cotton with his uncles but did occasionally go back to play sports. Billy Joe joined the US Navy on his 17th birthday. After his military service, he worked a series of dead end jobs including as a rodeo clown. He met and married Brenda, had a son, Eddy in 1962. Eddy was an amazing guitarist and played with his father and many other well-known musicians. Unfortunately, his drug addiction took his life at age 38 in 2000. Billy Joe died of a stroke in 2020 and broke my heart. I'm grateful I got see him play in Alexandria, VA a few years prior.

### Papa Joe's

**1505 35 N Frontage Rd**

**Lorena**

**TX**

Latitude **31.408**

Latitude **-97.20128**

Country singer, Dale Watson's "Where do you want it" is written about the incident that made Billy Joe Shaver famous, or infamous I suppose, in March of 2007. Witness accounts are conflicting, but I'm believing Billy Joe on this one. The courts agreed that he was provoked and threatened by Billy Coker. The two men went outside on the back patio and Coker wound up getting shot in the face with a .22. It entered his upper lip, knocked out a couple teeth and ended up in the back of his neck. The doctors left it there because trying to remove it could be fatal due to its proximity to his carotid artery. Witnesses to the incident claim that before shooting Coker, Shaver asked "Where do you want it?" Billy Joe denies having said that. The song is awesome either way. Take a photo of the Papa Joe's Texas Saloon sign out front. Be sure to get the sign that proclaims it as Home of the Honkytonk Heroes.

**BJ2****187** points**Anytime****Knife River Corporation****2901 Marlin Hwy****Waco****TX**Latitude **31.55019**Latitude **-97.08283**

I wanted to use the McLennan County Jail next door to Knife River, but I thought a bunch of people on motorcycles taking pictures of a jail might raise too many eyebrows. Better safe than sorry, right? Soon after Billy Joe shot Coker, he turned himself in here to be processed. Take a photo of the sign on the building with "KNIFE RIVER" on it.

**BJ3****122** points**Anytime****Palace Theater****112 W 6th Ave****Corsicana****TX**Latitude **32.09268**Latitude **-96.46385**

There is currently a fundraiser to put together enough money to erect a statue of Billy Joe Shaver here in his hometown of Corsicana. What better spot than the biggest venue in town? Perhaps the statue will be present in a future rally. And you can be sure that it'll be a bonus location, I'll find a way to fit it into the theme. There's always room for Billy Joe Shaver in my life! Take a photo of the Palace Theater in Corsicana, TX.

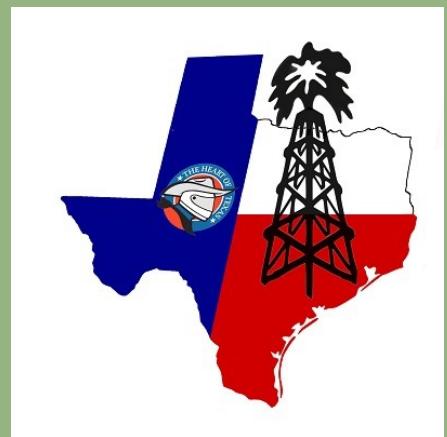

**BJ4****409** points**Dawn to Dusk****Billy Joe Shaver's Grave****6623 S I-35 (NB Feeder Road)****Waco****TX**Latitude **31.47382**Latitude **-97.16092**

Waco Memorial Park is the final resting place of my Honky Tonk Hero. At age 81, he died in 2020 from a stroke. He's in Section A (Tower Garden), Plot # 195-A. From the office, it's 13 rows back and 13 plots across from the south side of the section. Billy Joe swore off alcohol long before his death, it makes me nuts when people leave him booze. Now Red Bull? That was his jam and we left him a can scouting this location. Take a photo of Billy Joe Shaver's grave marker.

# STORY Boomtown

2888 points

If you had a blast doing the VMR, check out Heart of Texas in the future. You've gotten used to the app, you know Paul, you know me, and there will be lots of other Valkyries there. We had 11 in 2024!! Here's a little story about the 24 Rally, titled Boomtown. Paul gets deep, and I do mean DEEP, into his themes and it's a ton of fun! Boomtown was about the oil boom in Texas and riders needed to earn their points by balancing the value of each of 4 categories in 8 different oil field regions in Texas. If you want to be profitable in any business, you need to do this. You could have all the land in Texas, but if you had no equipment, you'd never be able to get the oil to sell. Similarly, you could have all the equipment in the world, but with no workers to run it, again, no oil to sell. The categories were Production (oil derricks), Equipment, Labor, and Land Leases. We've selected one location from each category for you to sample a "Paul Tong Rally." Oh, and don't let this additional layer of planning frighten you. Paul asks me to provide a basic route that will garner finishing status if you complete it successfully. You could add or modify that route to suit you.

## Bob's Oil Well

**1220 Bailey Ave**

**Matador**

**TX**

Latitude **34.01199**

Latitude **-100.82814**

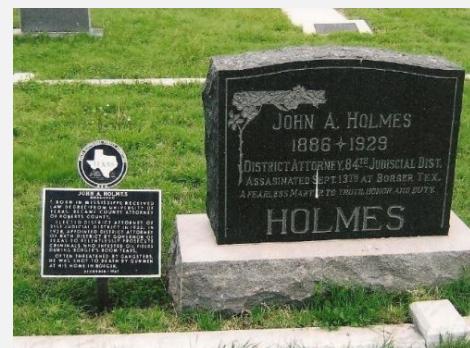

Bob's Oil Well was considered a derrick in Heart of Texas and filled the criteria for the production category. Take a photo of the building and derrick, you do not need to include the entire derrick, but be sure we can read the sign indicating Bob's Oil Well so we know you didn't go to Joe's Oil Well.

**BT2****424** points**Anytime****Borger's First Jail****618 N Main St****Borger****TX**Latitude **35.67238**Latitude **-101.38969**

Borger jail was considered a land bonus. The town turned into a lawless, dangerous place with the cast of characters who flocked there to get rich. As with any boomtown, prostitutes, drug peddlers, saloons and the like also came to provide their services to the huge influx of workers before there were police to keep a lid on the activity. Governor Moody sent the Texas Rangers to Borger in 1929 to try and get some control of the place and a jail was here. Actually, it was a redwood log that the prisoners would be chained to in addition to being chained to each other. Take a photo of the sign for the 1929 Borger "jail."

**BT3****424** points**Anytime****Gulf Burnet #2****TX-207****Panhandle****TX**Latitude **35.60296**Latitude **-101.40602**

This historical marker noting that this was the location of the Gulf Burnet #2 discovery well was considered an equipment bonus. Take a photo of the historical marker, it's okay to have both in your photo, if you take only 1 of them, better make sure I can read it so I know you've got the right one!

**BT4****424** points**Anytime****Grave of John A Holmes****Providence Ave****Panhandle****TX**Latitude **35.353096**Latitude **-101.370663**

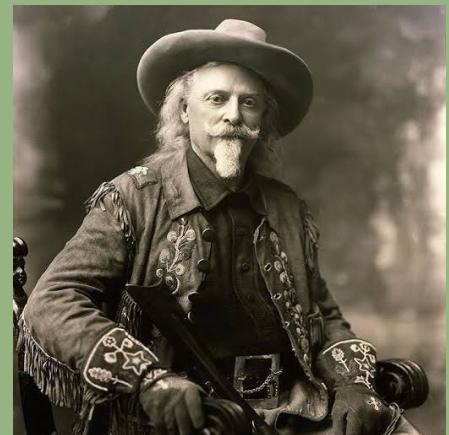

Git yer mind out the gutter, that's John C Holmes, this is John A Holmes. The grave of District Attorney Holmes was a Labor bonus in HoT. Things were pretty wild in town as you learned reading BT2. Governor Moody also sent Holmes to Borger to help prosecute the n'er do wells in town. The wave of crime and violence continued, climaxing in the assassination of Holmes in September of 1929. This prompted Moody to impose martial law for a month and sent state troops to help local authorities rid the town of the lawless element. His goal was eventually achieved after many years of violence. Take a photo of the headstone and historical marker at the grave of John A. Holmes. (The other John Holmes is dead too, I'm sure you're shocked to hear that he died in 1988 from HIV/AIDS)

# Buffalo Bill

## STORY COMINATION BONUS VALUE

3951 points

William "Wild Bill" Cody, also known as Buffalo Bill, was an American soldier, bison hunter, and showman. He started working after his father's death at the age of 11, and at 15, he was a rider for the Pony Express. He served in the Union Army during the Civil War and later was a civilian scout for the US Army during the Indian Wars. The nickname Buffalo Bill was bestowed upon him while he was working for the Kansas-Pacific Railroad, supplying the workers with buffalo meat. In the 1880's, he founded his touring Wild West themed performance with many well-known characters as his actors. Annie Oakley and her husband, Frank Butler, were sharpshooters. Calamity Jane was also part of the show as a storyteller. The shows consisted of reenactments of various Wild West events like riding the Pony Express, Indian attacks on wagon trains, and stagecoach robberies.

## Buffalo Soldiers

9678 points

The U.S. Army Buffalo Soldiers were African American cavalry and infantry units established in 1866, who served with distinction on the Western frontier. Tasked with protecting settlers, building infrastructure, and fighting in conflicts against Native American tribes, they faced harsh conditions and discrimination while proving their valor and professionalism. The legacy of the Buffalo Soldiers endures as a symbol of courage, resilience, and a critical chapter in the history of the U.S. military and African American heritage.

## Cats w Jobs

3281 points

Those who have known your Freyja for a while know that she always had loads of Hello Kitty stuff on her bike. She was often called Miss Kitty or Hello Kitty, or even GS Kitty, the type of bike she rode for a while. So she's fond of these places where cats are officially employees, often having been named "Employee of the Month" in their respective locations. One of them, you will learn if you read about CT1, outsmarted a very stupid councilman. In Norse legend, Freyja's chariot was pulled by two cats gifted to her by Thor named Bygul and Trjegul.

**CT1** 177 points **F 10A-6P, S 10A-2P**

### White Settlement Library

8215 White Settlement Road  
Fort Worth TX

Latitude 32.75939  
Latitude -97.46034

Browser the Library Cat has been employed at the White Settlement Library since he was chosen from a local animal shelter in October, 2010 to assist the facility with a rodent problem. In 2016, a very stupid councilman named Elzie Clements drummed up support to evict Browser from the library. Unfortunately, Clements was successful in convincing the town council to vote to remove Browser. The mayor, Ron White, thought this was completely ridiculous and the public would revolt. The mayor was right. The tiny town in the shadow of Fort Worth was inundated with over 1,500 emails from all 50 states and dozens of foreign countries. Within a couple weeks, the same dumb ass who suggested removing Browser suggested they revote. On July 1, 2016, the City Council unanimously voted to reverse its prior decision. Now, get ready for this. When I say Clements is dumb, I ain't kidding. He tried to bring the council to vote on the SAME MATTER 5 months later and was soundly rejected. This December 13, 2016 act of defiance would be his last on behalf of the good citizens of White Settlement. Having seen the true nature of Mr. Clements, they did not reelect him to the City Council. He died 5 years later on January 1, 2022. Presumably without ever knowing the joy of a purring kitty on his lap. I would love it if you could get a photo of Browser himself, but he's a cat after all, if you cannot, please use the poster just inside the door to the library announcing that he's on patrol.

**CT2****214** points**Anytime****Museum of Osteology****10301 S Sunnylean Rd**Latitude **35.36483****Oklahoma City****OK**Latitude **-97.44184**

**Indiana Bones** (aka Indy), is the lead rodent control officer at Oklahoma City's Museum of Osteology (bones). Indy has become famous on the internet for his adorable antics. You should see the huge pile of gifts from his Amazon wish list! He was hired in 2019, but did not have a confirmed kill until May of 2023 when he was named Employee of the month. Staff prepared and mounted the skull from his kill to hang over his bed along with his Employee of the Month certificate. Take a photo of the entrance to the Museum of Osteology.

**CT3****152** points**Daylight Only****Cashnip****628 E 3rd St**Latitude **36.15624****Tulsa****OK**Latitude **-95.9827**

**CASHnip**'s real name is Sir Whines A. Lot. He started out as an office cat at GuRuStu, a marketing firm in Tulsa, but has morphed into a hustler with a philanthropic heart. Staff began to notice that when they arrived to work in the morning their office cat often had a bunch of dollar bills around him just inside the door from the street. There's a bit of nightlife in the area around GuRuStu and turns out, late night partiers would try to play with Sir Whines A. Lot by wiggling a dollar bill through the slot between panes of glass at the door. He'd grab the dollars and keep a pile for his servants to collect in the morning. The folks at GuRuStu started donating his 'earnings' to a local homeless outreach organization. If you see CASHnip, get a picture of him. But if not, the sign warning passers by about his proclivities will work just fine.

**CT4****181** points**Anytime****Liquor Barn****6969 Northwest Expy**Latitude **35.55894****Oklahoma City****OK**Latitude **-97.63744**

Betty gave up life on the streets and got her job at Liquor Barn Wine & Spirits by charming one of the employees. The manager of the Liquor Barn thought a shop cat was a good idea, so Betty started her new career. The other employees appreciate her assistance stocking shelves and helping customers make a selection. However, she simply cannot be trusted on the register, she's been known to take a nap, even during busy times! Just before the VMR 24, the manager of Liquor Barn got a new job and took her star employee! Well, this went from restricted to store hours to an Anytime! ## Flower Moon

2617 points

The term Flower Moon was given to the full moon in May by the Native American Tribes in North America because of the flowers blooming across the continent signaling abundance and the coming of spring after a cold, hard winter. In the early 1920's, extensive oil deposits were discovered beneath the Osage Tribe's land. Of course, great wealth followed this discovery and not long after, the mysterious murders started. There are officially 20 victims tied to this horrible event in the history of the Osage people that lasted four years, but it is suspected that there may be hundreds more victims of this plot. Cattleman William King Hale was convicted as the mastermind behind the plot. It hardly seems fair that he was convicted to life in prison in after a 1929 murder, but released on parole in July, 1947. He died in Arizona in 1962. We wanted to find some sites related to this stain on our history, but decided that it felt icky to gawk at other's tragedy. So we're using a few locations where various events took place and other related sites in the area.

## Hanging Judge

1836 points

Judge Issac C. Parker became known as the “Hanging Judge” during his tenure in Fort Smith. He served from 1875 until his death in office in 1896, he is buried in the nearby Fort Smith National Cemetery. During his 20+ year career, he sentenced 160 people to hang. His personal belief was that the death penalty should be outlawed, but there were mandatory sentences at the time, so he was legally bound to sentence certain crimes to death by hanging. Of the 160, 79 were executed, the remaining 81 either died while incarcerated, were pardoned, or had their sentences commuted. The governor did step in on several occasions to commute sentences or modify them for a variety of reasons.

## Nancy

3691 points

Nancy Oswald was born and raised in New Jersey, moving to the Baltimore, MD area after getting married in 1999. Not long after, she took the MSF course through the Maryland Motor Vehicle Agency and the rest is history! Her first rally was the inaugural running of Scott Lashier's The Void and she was hooked. A couple years later, she went to the 2007 Iron Butt Rally start, checkpoint, (there were only 2 legs that year) and finish to support her good friend and riding buddy, Don Catterton. Before going to that event, she never thought she could actually do the 11-day Iron Butt Rally, but upon being around the riders, the decision was made. In 2009, she would be on the starting line and finished in 20th place as the top finishing female rider that year. She moved to the other side of the table around 2015 to support Scott at The Void and Jim Bain at the always popular Cape Fear 1000. In 2019, she began working with Paul Tong to support Heart of Texas, then LDX as well. When Chris Hopper approached Paul with his idea to hold a rally for women only to introduce them to the sport, he knew it had to be ran by a woman for it to have the most impact, so Paul tapped on Nancy's shoulder to lead the VMR. And here we are. Enjoy these locations that hold meaning in Nancy's story.

# STORY Outlaw

3774 points

Jesse Woodson James was an American outlaw, bank and train robber, guerrilla and leader of the James–Younger Gang. He and his brother Frank James joined pro-Confederate guerrillas known as "bushwhackers" operating in Missouri and Kansas during the American Civil War. After the war, as members of various gangs of outlaws, Jesse and Frank robbed banks, stagecoaches, and trains across the Midwest, gaining national fame and often popular sympathy despite the brutality of their crimes. Popular portrayals of James as an embodiment of Robin Hood, robbing from the rich and giving to the poor, are a case of romantic revisionism as there is no evidence his gang shared any loot from their robberies with anyone outside their network.

**OT1**      **127** points  
**Café Jesse James**

**W 11th St & Rte 66**  
**Baxter Springs**      **KS**

# Paul

## STORY COMINATION BONUS VALUE

3690 points

**Paul Tong was born and raised in Irving, TX before heading off to college and a period of time with US Marines, serving in Iraq and Afghanistan before returning to Texas and becoming a police officer in his hometown of Irving TX, where he still works today. He married his high school sweetheart and remained in the area to raise his family. He's currently living a commutable distance north in Frisco, TX where his children went to school, two of them have already graduated high school. One is starting her 3rd year at Virginia Military Institute with plans to become an officer in the US Navy. The other is following a different path, with goals of being a chef, or at least working in food preparation and service. She just graduated this past May and is working at a paid internship in Montana with other opportunities lying ahead of her. Both are wonderful young women that us Valkyries should be proud of. He also has a son who is just starting his junior year of high school and is an accomplished swimmer both on his high school team and a club team. His current plan is to follow in both his sister and his father's footsteps by attending Virginia Military Institute (because who can stay so far from Aunt Nancy too long??), but on a track to become an officer in the Marine Corps.**

## Nimitz HS

**100 W Oakdale Rd**

## Irving

TX

Latitude 32.79381

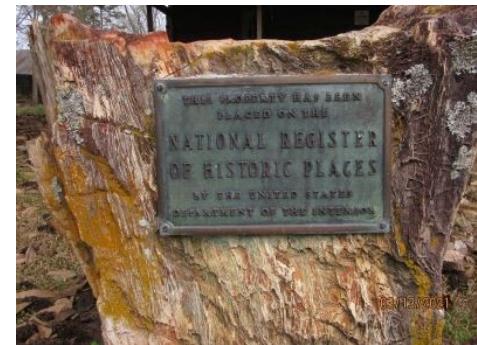

Latitude **-96.94688**

**This is where the internationally acclaimed Rallymaster Paul Tong went to High School! He was an incredible ladies man back in the day, as evidenced by the photo of him, not with one or two cheerleaders, but ALL OF THEM! Well, okay, he was the mascot, so technically on the cheer squad. But still, what high school boy wouldn't love that gig? Paul's no dummy, that's for sure! Not even as a teenager! Take a photo of the electronic signboard at Paul's Alma Mater, Nimitz HS in Irving, TX**

**PT2****1230** points**Anytime****US Marshals Museum****789 Riverfront Dr****Fort Smith****AR**Latitude **35.3984738**Latitude **-94.4264224**

I had this brick made and installed last year to honor Paul and all he has done for both me personally and the motorcycle community. Not only that, he has served the community where he grew up for nearly 20 years as a Motors Sergeant with the Irving Police Department. He also very bravely served his country as a US Marine Combat Veteran. That's Big Daddy himself in the photo for the Combat Veterans Story. He deserves a thank you from all of us for his service. Park your motorcycle in the lot and walk around the museum to the left as you look at the entrance. You'll see a statue of a man on a horse. Turn right down that concrete walkway lined with bricks honoring various folks. The coordinates should take you right to it, but to help you locate it, it's one of the larger, 8" x 8" bricks and it's approximately half way down this stretch of walkway on the left side. Take a photo of the brick honoring Paul Tong.

**PT3****215** points**Anytime****Will Reed Farm Home Museum****114 LR 133****Alleene (Foreman)****AR**Latitude **33.772467**Latitude **-94.260117**

Paul's father, Gary, was the curator for the museum located here. It's a 'dogtrot house' meaning, two log cabins connected by a breezeway, or dogtrot. Gary grew up in Alleene and still has much family in the area. In fact, Paul owns some land in the area, passed down from his Mamaw. Gary was very invested in this property and preserving the history of it, as well as honoring the folks who settled in this area during a dangerous time for a wide variety of reasons. He even made the Texarkana Gazette in 2019 talking about the property, it's history and why it is important to preserve. Unfortunately, as with many things in our history, the funds to properly upkeep the property were unavailable and it is now permanently closed, but the marker should still be in the yard on a large rock, in front of the house, just to the left of the entrance to the home as you look at it from the street. Do not attempt to walk on the porch or enter the home, it may be unsafe for you to do so. Take a photo of the marker on a large rock indicating that the US Dept of the Interior has placed this property on the National Register of Historic Places

**PT4****559** points**Anytime****Queen Wilhelmina State Park****3877 AR-88****Mena****AR**Latitude **34.68571**Latitude **-94.37442**

Paul's first stint as a rallymaster was the inaugural NIITWIT Rally which had its finish at the Queen Wilhelmina State Park Lodge near Mena, AR. Take a photograph of the Dierks Forest Service Locomotive on display here.

# STORY Rawhide

2607 points

If you had a blast doing the VMR, check out Heart of Texas in the future. You've gotten used to the app, you know Paul, you know me, and there will be lots of other Valkyries there. We had 11 in 2024!! Here's a little story about the 2020 Rally, titled Rawhide. Paul gets deep, and I do mean DEEP, into his themes and it's a ton of fun! This rally was based around the old west cattle trails. Riders were to collect cattle along 4 cattle trails and drive their cattle to market for sale. Most locations would give the rider a specified number of cattle on that trail. Then, they would also need to visit a market for that trail to sell their cattle. Basically, the harder and/or further away a bonus was, the more it was worth. We are not choosing the more difficult locations for you here! You can expect another amazing puzzle if you decide to come play with us in April, 2025!

## RH1 1020 points Anytime El Capitan Longhorn

212 Wyatt Earp Blvd  
Dodge City KS  
Latitude 37.75287  
Latitude -100.019242

This statue of El Capitan served as a market location where riders could sell cattle that were "driven" on the Great Western Cattle Trail. At this location, riders would earn \$37 per head of cattle collected and driven here. Take a photo of the El Capitan statue

## RH2 1020 points Anytime Matt Dillon

400 Wyatt Earp Blvd  
Dodge City KS  
Latitude 37.752922  
Latitude -100.020574

This statue of Matt Dillon, no not that Matt Dillon, served as a "heroes of the trail bonus." A rider who successfully claimed this bonus could add \$2.05 to the market price for ALL trails to the listed price. So if a rider collected and sold cattle on multiple trails, Matt would increase their value by \$2.05 per head. This is how the rally was won. One rider collected and sold on multiple trails and also got several of these enhancements and garnered about 25% more profit than the second place rider. Take a photo of the Matt Dillon statue.

**RH3****1020** points**Anytime****Great Western Trail Marker****State Hwy 46 & E Cty Rdy 37****Fargo****OK**Latitude **36.478586**Latitude **-99.74874**

Riders had MANY trail markers that look like this to collect cattle. The project to mark the Great Western Trail began in 2003 with a marker similar to this placed every 6 to 10 miles along the route the trail followed from the Rio Grande to Ogallala, NE. Subsequently Sylvia Mahoney, a decendent of the old trail drivers, worked to mark the ENTIRE trail from northern Mexico, through 9 US States and into Canada. In this rally, there were 2 markets in Saskatchewan for the Great Western Trail. Take a photo of the Great Western Trail Marker.

**RH4****1020** points**Anytime****Doc Holliday****488 Wyatt Earp Blvd****Dodge City****OK**Latitude **37.752916**Latitude **-100.021309**

Successfully claiming this Hero of the Trail, Doc Holliday, also enhanced cattle price, but in this case, only on the Great Western Trail and added \$1.15 to the cattle price per head. Take a photo of the Doc Holliday display here.

# STORY Route 66

STORY COMINATION  
BONUS VALUE

8124 points

Route 66 embodies a complex, rich history that goes well beyond any chronicle of the road itself. An artery of transportation, an agent of social transformation, and a remnant of America's past, it stretches 2,400 miles across two-thirds of the continent. The highway winds from the shores of Lake Michigan across the agricultural fields of Illinois, to the rolling hills of the Missouri Ozarks, through the mining towns of Kansas, across Oklahoma where the woodlands of the East meet the open plains of the West, to the open ranch lands of Texas, the enchanted mesa lands of New Mexico and Arizona, to the Mojave Desert, and finally to the "land of milk and honey" - the metropolis of Los Angeles and the shores of the Pacific Ocean. Flanked by historic buildings and diverse cultural resources, Route 66 slices across the continent, revealing the process of historical change that transformed the lives of people, their communities, and the nation. This fabled highway's multiple alignments connect not only the East and the West, but also the past and the present.

**Pops is one of the most iconic must-see landmarks along the famed Route 66. This gas station, gift shop, full-service restaurant, soda shop, and more is a relative new-comer to Route 66 lore having been built in 2007. Take a photo of the 66' pop bottle in front of Pops.**

**RT3****287** points**Daylight Only****Leaning Tower of Texas****I-40 Frontage Road****Groom****TX**Latitude **35.19822**Latitude **-101.0819**

Ralph Britten wanted to start a truck stop here in Groom and decided he needed a marketing ploy to get folks into his business. He bought the tower from the town of Lefors, 34 miles from here and towed it to its current location. He purposely set the tower at the frightening tilt to attract visitors. And it worked! Folks would come rushing in announcing, "Look out! That tower is about to fall!" To which Mr. Britten would calmly advise it's been that way for years, come on in, sit down, have some food and drink in the restaurant. Take a photo of the leaning tower of Texas, be sure to take your photo clearly showing the extreme lean of the tower.

**RT4****301** points**Anytime****Tower Station and U-Drop Inn Café****111 US Rt 66****Shamrock****TX**Latitude **35.2271**Latitude **-100.24872**

This gas station and art deco café is now a gift shop and museum that was depicted in the animated movie, Cars. It was built in 1936 at a cost of \$23,000 and was the first commercial business on Hwy 66 in Shamrock. Folks quickly took to calling it "Tower Station" for obvious reasons. The use and maintenance of the property has varied over the years until it was purchased in 1999 by the First National Bank of Shamrock and donated to the town. Its Art Deco charm was restored and today it is a museum and the location of the Shamrock Economic Development Corporation, a visitor center, chamber of commerce and community center. Take a photo of the station including both towers in your photo.

**RT5****203** points**Anytime****Cadillac Ranch****12821 I-40****Amarillo****TX**Latitude **35.1875**Latitude **-101.98701**

Ever heard Cadillac Ranch off Bruce Springsteen's 1980, The River? Well, here's your chance to visit. The song is about the inevitability of death. The Cadillac was once a glamorous symbol of wealth and here they are, rusting, decaying, no longer luxurious. Yes, the Cadillacs are visible from I-40, or even from the paint store out front (how convenient!) but you must walk up to the Cadillacs to take your photo. Choose 1 car that you think is perfect and take a photo of it. You may have more than 1 car visible in your photo but if you take your photo from more than 10 feet away, it will be denied. **YOU MUST WALK TO THE VEHICLES. DO NOT ATTEMPT TO RIDE YOUR MOTORCYCLE TO THEM. WALK MEANS GET OFF YOUR BIKE AND TAKE THE SHOE LEATHER EXPRESS!**

**RT6****1082** points**Anytime**

## Route 66 Monument

**1500 US Route 66****Tucumcari****NM**Latitude **35.17156**Latitude **-103.74295**

**This monument to the heyday of Route 66 was dedicated in 1997 after Tom Coffin was commissioned by Tucumcari, The NM Highway Department, and the New Mexico Arts Commission. It's set on a sloping base that looks like it's made from sandstone tires and the serpentine outlines of 2 lane roads of the olden days. It's topped with a chrome, 1950's inspired tail fin and lights. It's probably spectacular at sunrise and sunset with the colors. Take a photo of the Route 66 Monument.**
